TEACHER PARTICIPATION AGREEMENT: ULTIMATE

Please ensure this document is read and completed by all adults/teachers who are attending the camp and return a copy to us, along with your catering forms and names list.

Roonka Water Activity Centre provides an agreed upon itinerary, activities and facilitators from 9am-5pm during your camp. We can schedule evening activities and initial instruction, but teachers are to run all activities out of hours.

You may wish to bring a suitable DVD along for your group for evenings or in the event of a much needed 'chill out' time - or extreme weather conditions.

Please note that times on the itinerary are subject to change bades on weather conditions and extenuating circumstances. All activities must have a minimum of one supervising teacher and at least 1 school-supplied first aid kit per camp. We ask that the teachers understand and agree to the important role they play in making this camp a memorable one. They will:

- Assist Roonka staff in keeping to time schedules
- Be present and active at all times during all activities
- Be responsible for behaviour management of students
- Ensure students tidy up after themselves and wash their dishes following meals
- Facilitate some of the day, and all of the evening activities
- Store the Roonka onsite office number in their phone and keep phone with them at all times during camp for any queries or emergencies: 8540 5104
- Provide their contact number below in case of emergency

I acknowledge and agree to the camp requirements as listed above:
